- Good morning. I would like to give an update this morning on behalf of the Nominating Committee for the role of Senior Pastor. Again, this role will need to be filled because our current Senior Pastor, Dale Weldon, is retiring in March 2022.

- For the past several weeks, your nominating committee has met every Tuesday Night. During these meetings we have focused on process and procedures to ensure a seamless and thorough nominating process.

- In our meeting this past week the committee unanimously decided to continue the interview process with our internal recommendation.

- The committee also unanimously decided to post the position of Senior Pastor on our denomination's pastoral search website this week for the purpose of accepting applications from any interested external candidates.

- In terms of a timeline, we continue to work diligently and thoroughly. We do believe this process will continue into January and February of 2022. We will continue to update you all with all major updates to ensure you remain informed.

- Lastly, I would like to share with you all, that you are being represented well by the members of this committee.

- There has been deep and fruitful conversation led by the Holy Spirit amongst this committee and I am so encouraged as chairman, to labor alongside my brothers and sisters who have been selected to serve in this capacity.

- We deeply appreciate your prayers for this committee and would ask that you continue to pray for us as we meet each week on Tuesday nights.

  Thank you
