

# COVID OPENS A DOOR

## Stay Put--Write a Book!

When Tom returned from a teaching trip to N'Djamena CHAD on 2/29/2020, he had no idea that that would be his last plane flight for a long, long time... You all know what this past year has been like with the pandemic bringing much fear and sorrow, not to mention all the other political and social upheavals of the year! BUT one thing positive that COVID's forcing Tom to forego his usual travel schedule has brought is that he has had time to focus on some priority projects. Over this year, he completed all the digital media for Biblical Leadership 2 course, now available in DVD, Flash Drive and SD Cards which he has been distributing for use. Many pastors had asked him to put his leadership courses in book form, but he never found the time to focus on this project that he felt the Lord wanted him to do. But now—he has been able to complete the manuscript (in French) for the first Biblical Leadership course and is about ¾ of the way through the second course manuscript. The first course is at the typesetter's, but there have been some delays. (See prayer requests for more details.) Tom is not publishing these to sell as such but to make another vehicle available for church leaders to access his material so that others can teach it as well.

**Biblical Leadership 2 DVDs, Flash Drives, SD Cards & Biblical Leadership1 Manuscript**

**Thanks to Zoom, in February Tom taught BL1 to 15 pastors in 5 African countries all at once! (Ivory Coast, Togo, Congo, Gabon & Madagascar)**

**Tom the writer in his natural habitat!**

Tom and Lucy Wright  
Pastoral Training in Francophone  
Africa and Caribbean

Lucy's ESL classes went to Zoom last spring to finish the school year. Since last March, she has been offering her Christian fitness classes on Zoom, currently 4 times a week, to encourage women spiritually as well as physically during this unusual year when people have been stuck at home. If any of you women reading this would like to try out one of Lucy's exercise classes on Zoom, please email us to get more information.

## PRAISE GOD AND PRAY WITH US:

1. For the progress of the Biblical Leadership books to be published. The BL1 manuscript has been given to a typesetter, but the progress seems to have stalled here. Please pray that this blockage will soon be cleared up.
2. That Tom will soon finish the manuscript for BL2 and that the necessary details for publishing such as proof-reading Tom's French, graphics, cover design, and typesetting etc, can be done expeditiously.
3. For wisdom for MTW as they make a decision about when Tom can resume his teaching trips. He has tentative trips lined up for Togo in June and Haiti in July.
4. For continued wisdom and protection for Emily and Jonathan in their jobs as Sheriff's Deputies. For Lisa and Jarrett as she pursues being a Registered Dietitian rather than an RN.
5. For wisdom for Lucy as she looks to go back to in-person exercise classes while continuing the Zoom option for the women that aren't local. (like 3 ladies in Canada!) For doors to open to bring this Christian fitness ministry to other venues, possibly assisted living homes or senior centers. ~Thank you, Tom & Lucy
